

# LAZAREV PROJECT GROUP

**Yes! Ja! Да!**

**The LAZAREV PROJECT GROUP, Igor Lazarev's guitar/bass/drums trio, thrills everyone who sees them play: intelligent and inspiring instrumental music, virtuosic handcraft, no tricks, no show effects. Fusion jazz with rock, funk and latin assets, played energetically and interactively.**

**Live music for the body AND the brain.**

**Onboard with Igor is an alternating lot of top notch musicians: Bernhard Spiess, James Morgan, Martin Gjakonovski, Stephan Schöpe, Emanuel Stanley, Camillo Villa, Max Dommers, Danh Thai, Karsten Fernau, Stefan Tapp, Goran Vujic, Valerie Simmonds, Hanjo Gäbler, Christian Kussman (e.g.).**

**The self-written pieces are complex and electrifying: The reflect very personal aspects of spirituality, family, life itself; the artistic expression is a pure and unconditional matter of the heart, full of passion – jazzy, stompy, groovy, funky!**
